

Balangoda Plantations PLC Proudly Expands into Pineapple Cultivation and Export..

We are proud to announce that in 2024, **Balangoda Plantations PLC** has successfully cultivated **2.63 hectares of Mauritius Pineapple**, totaling an impressive **48,732 plants** across our **Palmgarden, Millawitiya, and Galatura Estates**. This pioneering project was initiated under the visionary leadership of our late Chairman, **Deshamanya Harry Jayawardena**, whose legacy continues to inspire our progress.

Today, under the strategic guidance of our current Chairman, **Mr. Hasitha Jayawardena**, we have proudly commenced the **export of Mauritius Pineapple** from the **Duhallow Division of Palmgarden Estate**, in partnership with our esteemed sister company, **Aitken Spence**.

Grown in the rich soil of our renowned Tea and Rubber estates, our **Sri Lankan Mauritius pineapples** are cultivated using expert agricultural practices that ensure premium quality and freshness. With ideal climatic conditions and sustainable farming methods, we are delivering fruit that is vibrant in flavor, superior in size, and rich in natural sweetness.

We are now seeking **trusted local exporters and bulk buyers** interested in sourcing **fresh, high-quality Mauritius pineapples**—available for **immediate bulk sale** at **competitive prices**.

Partner with us to experience the best of Sri Lankan tropical fruit, straight from our estates

to your market.
